

Long-term Extended Team for Middle-East's Largest Ride-hailing Platform

CLIENT SUCCESS | CAREEM

- Engaged as a Thought Partner since 2012. This helped Careem in focusing on their business strategy & operations while VentureDive supported them for their IT services
- Long-term, two way communication & relationship where we are an important player in each other's growth
- Careem has acqui-hired VenD's team on a large scale in 2016 & 2018; this has now become an ongoing, continuous practice
- Regular two-way onsite visits
- Involvement in multiple verticals at Careem enables us to propose better QA automation strategies & dev methodologies.
- We follow a customised hiring process for Careem
